Subject: Summary: O-B-glucuronide of trans-3'-hydroxy-cotinine

Mac Word 3.0

Robin,
Shixia,

Please find below a word attached file containing a general summary of our work on the O-B-glucuronide of trans-3'-hydroxy-cotinine (I think it will look better if you print the file). It is of course hard to write everything we did; these are the big lines and our understanding of the problem.

(See attached file: Resume PM2.doc)

If you have any questions or comments, please, do not hesitate to contact us.

Best Regards,

Frank
